

DECORATE

# TEREBINE DRIERS

A specially blended solution of liquid metallic driers to speed up the drying time of most solvent / oil based conventional air-drying paints during cold weather or adverse conditions.

250ml e

***Barrettine***

## SHAKE WELL

**Instructions for use:** Add a maximum of 10 ml per 1 litre of paint and mix thoroughly (cap holds 10-11mls).

Suitable for use with Gloss Oil Paints, Polyurethanes, Varnishes and most conventional air-drying paints.

**Caution:** Not suitable for water based or cellulose paints. It is recommended to conduct a test to ensure compatibility with other paint resin systems and that the dry paint film finish is acceptable.

Recommended for use only when the ambient temperature is between 2 - 10 Celsius.

### HEALTH & SAFETY

**Contains:** Cobalt(II) 2-ethylhexanoate, Hydrocarbons, C10-C13, n-alkanes, isoalkanes, cyclics, < 2% aromatics, Hydrocarbons, C9-C11, n-alkanes, isoalkanes, cyclics, <2% aromatics (contains less than 0,01 % w/w benzene)
